

Square ft to Acres

```
Public Class ??Whatever??
```

```
    Dim MyNum As Integer = 0  
    Dim Holder As Integer = 0  
    Dim SecondHolder As Integer = 0  
    Dim ThirdHolder As Integer = 0
```

'MaskedTextBox1.Text is the input for the formulars

```
Try
```

```
    Me.Text = Label148.Text  
    MyNum = MaskedTextBox1.Text  
    SumLabel.Text = MyNum / 43560 & " Sq. Ac"  
Catch Ex As Exception  
    MsgBox("Number was out of Range:")  
End Try
```
