

## Yards to Miles

```
Public Class ??Whatever??
```

```
    Dim MyNum As Integer = 0  
    Dim Holder As Integer = 0  
    Dim SecondHolder As Integer = 0  
    Dim ThirdHolder As Integer = 0
```

*'MaskedTextBox1.Text is the input for the formulars*

```
Try
```

```
    Me.Text = Label140.Text  
    MyNum = MaskedTextBox1.Text  
    SumLabel.Text = MyNum * 0.0005683 & " Sq.Mil."  
Catch Ex As Exception  
    MsgBox("Number was out of Range:")  
End Try
```
