

Save a webpage to a file

'add a reference to the Microsoft Internet Transfer Control

```
Private Sub Command1_Click()
```

```
    Dim URL() As Byte
```

```
    'set protocol to HTTP
```

```
    Inet1.Protocol = icHTTP
```

```
    Inet1.URL = "http://www.microsoft.com"
```

```
    ' Retrieve the HTML data into a byte array.
```

```
    URL() = Inet1.OpenUrl(Inet1.URL, icByteArray)
```

```
    ' Create a file for the data.
```

```
    Open "webpage.htm" For Binary Access Write As #1
```

```
    Put #1, , URL()
```

```
    Close #1
```

```
End Sub
```
