Save a picture from a RichTextBox work around

```vb
Try

        Dim MyDur As String
        MyDur = FileSystem.CurDir
        Dim FileToSaveAs As String
        RichTextBox1.Copy()

        If My.Computer.Clipboard.ContainsImage Then
            PictureBox2.Image = My.Computer.Clipboard.GetImage
        Else
            MsgBox("Clipboard does not contain an image", MsgBoxStyle.Exclamation And
MsgBoxStyle.OkOnly)
        End If

        SaveFileDialog1.DefaultExt = "*.jpg"
        SaveFileDialog1.Filter = "JPG (*.jpg)|*.jpg|All files (*.*)|*.*"""
        SaveFileDialog1.InitialDirectory = MyDur
        SaveFileDialog1.ShowDialog()
        FileToSaveAs = SaveFileDialog1.FileName
        PictureBox1.Image.Save(FileToSaveAs,
System.Drawing.Imaging.ImageFormat.Jpeg)

    Catch ex As Exception
        ErrorMessage()
    End Try
```
