

## Toggle Follow Link in Richtextbox

*'Add statement after Public Class ????? and before first fuction in the Class*

```
Dim MyFollow As Boolean = True
```

### ' Requiries thought

```
Private Sub RichTextBox1_LinkClicked(sender As Object, e As LinkClickedEventArgs)
Handles RichTextBox1.LinkClicked
    If MyFollow = True Then
        System.Diagnostics.Process.Start(e.LinkText)
    End If
End Sub
```

End Sub

```
Private Sub FollowLinkToggleToolStripMenuItem_Click(sender As Object, e As
EventArgs) Handles FollowLinkToggleToolStripMenuItem.Click
    If MyFollow = True Then
        MyFollow = False
        FollowLinkToggleToolStripMenuItem.BackColor = Color.DimGray
    ElseIf MyFollow = False Then
        MyFollow = True
        FollowLinkToggleToolStripMenuItem.BackColor = SystemColors.Control
    End If
End Sub
```
