

Paste to Textbox1

```
TextBox1.Text = ""  
TextBox1.Text = My.Computer.Clipboard.GetText()  
If TextBox1.TextLength <= 1 Then  
    Beep()  
    MsgBox("There Was no Text on the Clipboard")  
End If
```

Better example

```
'If clipboard has text, paste it into the text box  
If My.Computer.Clipboard.ContainsText() Then  
    TextBox2.Text = My.Computer.Clipboard.GetText()  
Else  
    MsgBox("Clipboard does not contain any text",  
MsgBoxStyle.Exclamation And MsgBoxStyle.OKOnly)  
End If
```
