

Sentance Case a String

```
Private Sub SentanceCaseToolStripMenuItem_Click_1(sender As Object, e As EventArgs)
Handles SentanceCaseToolStripMenuItem.Click
    TextBox2.Text = RichTextBox1.SelectedText.Trim
    TextBox2.Text = TextBox2.Text.ToLower
    TextBox2.SelectionStart = 0
    TextBox2.SelectionLength = 1
    TextBox2.SelectedText = TextBox2.SelectedText.ToUpper
    RichTextBox1.SelectedText = TextBox2.Text & vbCrLf
    TextBox2.Text = ""
End Sub
```
