

Using the P id to change different p tags

```
<head>
<style>
p#p01 {
  color: blue;
}
</style>
</head>
<body>

<p>This is a paragraph.</p>
<p>This is a paragraph.</p>
<p>This is a paragraph.</p>
<p id="p01">I am different.</p>

</body>
</html>
```

Produces

This is a paragraph
This is a paragraph
This is a paragraph
I am different
