

using p tags usage Multi to change p

```
<html>
<head>
<style>
p.error {
  color:red;
}
</style>
</head>
<body>

<p>This is a paragraph.</p>
<p>This is a paragraph.</p>
<p class="error">I am different.</p>
<p>This is a paragraph.</p>
<p class="error">I am different too.</p>

</body>
</html>
```

Produces

This is a paragraph
This is a paragraph
class="error">I am different
This is a paragraph
I am different too
