

Area of a Triangle

```
Public Class ??Whatever??
```

```
    Dim MyNum As Integer = 0  
    Dim Holder As Integer = 0  
    Dim SecondHolder As Integer = 0  
    Dim ThirdHolder As Integer = 0
```

'MaskedTextBox1.Text is the input for the formulars

```
        Me.Text = Label17.Text  
        GetSecondLength()  
        GetThirdLength()  
        SumLabel.Text = SecondHolder * ThirdHolder / 2 & " Sq. Units"  
        Holder = 0  
        SecondHolder = 0  
        ThirdHolder = 0
```
