

List of filenames with Path using a TreeView

```
Private Sub ListOfFilesToolStripMenuItem_Click(sender As Object, e As EventArgs)
Handles ListOfFilesToolStripMenuItem.Click
    ThisFolder = TreeView1.SelectedNode.FullPath
    LoadThree()
End Sub

Private Sub LoadThree()

    Dim DIR As New IO.DirectoryInfo(ThisFolder)

    If DIR.GetFiles("*.***").Length = 0 Then
        MsgBox("There are no files")
    Else
        PrintFileNamesThree(DIR, "")
    End If
End Sub

Private Sub PrintFileNamesThree(ByVal folder As IO.DirectoryInfo, ByVal indentation As
String)
    Dim file As IO.FileInfo
    For Each file In folder.GetFiles("*.***")
        TextBox7.Text = file.ToString

        ToolStripComboBox3.Items.Add(TextBox7.Text & ".... " & ThisFolder & "\" &
TextBox7.Text)

    Next
End Sub
```
